

Perdomo Edicion De Silvio Now in Cameroon, Maduro

Tabacalera Perdomo, S.A. has expanded its Edicion de Silvio ultra-premium cigar brand with new maduro-wrapped and Cameroon-wrapped versions.

Edicion de Silvio Maduro is a blend of all-Cuban seed tobaccos topped with a rare, deeply aged maduro wrapper. Edicion de Silvio Maduro is available in four sizes: Robusto (5 x 54); Double Corona (7½ x 50); No. 2 Torpedo (6½ x 54); and Salomon en Cedro (7½ x 49 x 60). 50 of each size are presented in a slide-top, perforated Spanish cedar cache surrounded by fragrant ribbons of Spanish cedar (except Salomon en Cedro, which is packaged in 24 wax-sealed, aerated cigar 'vessels'). The wax-sealed cigar cache and Spanish cedar shavings are then concealed under lock and key within a rustic "Spanish Galleon" mahogany tobacco chest.

Edicion de Silvio Cameroon MT sports a rare and extensively aged dark Cameroon 'Medio Tiempo' wrapper along with an all-Cuban-seed filler blend. Created by Nick Perdomo, Jr. as a tribute to his late father — cigar maker Nicholas Grovy Perdomo, Sr. — and his uncle — Antonio Keeney Perdomo, Tabacalera Perdomo's factory manager in Esteli, Nicaragua — the cigar is available in two vitolas, Grovy (6 x 54, \$20 MSRP) and Keeney (4½ x 46, \$12.50 MSRP). Each cache contains 30 cigars surrounded by cedar ribbons, and also features the elegant Spanish Galleon packaging.
